## PRE-EVENT COURSES

ASIS Middle East is pleased to confirm the following pre-event courses will be held the week prior to ASIS Middle East:

### ASSOCIATE PROTECTION PROFESSIONAL (APP) BOOT CAMP CLASS

DATES **6-10 November 2022 (5 days)**  
TIMINGS **8am - 4pm**  
PRICE **\$2,399 +15% VAT**

Including lunch, refreshments, training material and certificate of completion. Please note the ASIS relevant literature will have to be purchased by attendees separately.

ASIS developed the APP certification to recognise those relatively new to the security industry with a Board certification. It is intended for those with one to four years of security management experience.

The APP covers four key domains:

1. Security Fundamentals
2. Business Operations
3. Risk Management
4. Response Management

### PHYSICAL SECURITY PROFESSIONAL (PSP) BOOT CAMP CLASS

DATES **6-10 November 2022 (5 days)**  
TIMINGS **8am - 4pm**  
PRICE **\$2,399 +15% VAT**

Including lunch, refreshments, training material and certificate of completion. Please note the ASIS relevant literature will have to be purchased by attendees separately.

The ASIS PSP\* qualification enhances career prospects by demonstrating knowledge and experience of threat assessment and risk analysis; integrated physical security systems; and the appropriate identification, implementation and ongoing evaluation of security measures.

### CERTIFIED PROTECTION PROFESSIONAL (CPP) BOOT CAMP CLASS

DATES **6-10 November 2022 (5 days)**  
TIMINGS **8am - 4pm**  
PRICE **\$2,399 +15% VAT**

Including lunch, refreshments, training material and certificate of completion. Please note the ASIS relevant literature will have to be purchased by attendees separately.

The five-day boot camp class is a review of the ASIS CPP materials, alongside practical advice and support to give you the best possible chance when you sit the ASIS CPP exam.

The ASIS CPP\* qualification enhances career opportunities by demonstrating management skills in seven key security domains. It is one of the most widely recognised security management qualifications in the world. CPP accreditation provides employers, colleagues and peers with professional assurance of the holder's advanced knowledge.

### PORT FACILITY SECURITY OFFICER (PFSO)

2 PFSO COURSES AVAILABLE: ENGLISH & ARABIC

DATES **6-10 November 2022 (5 days)**  
TIMINGS **8am - 3pm**  
PRICE **\$1,899 +15% VAT**

Including lunch, refreshments, training material and certificate of completion.

This course will provide company security officers with the training necessary to meet their obligations under the international ship and port facility security (ISPS) code. The course is based on practical approaches in order to interpret and implement measures which will help to ensure compliance with the maritime security requirements.

### API 780 SECURITY RISK ASSESSMENT METHODOLOGY

DATES **6-10 November 2022 (5 days)**  
TIMINGS **8am - 3pm**  
PRICE **\$1,899 +15% VAT**

Including lunch, refreshments, training material and certificate of completion.

API developed the security risk assessment (SRA) methodology (API 780 Standard) as a universal approach for assessing security risk at petroleum and petrochemical industries. This course describes a methodology that can be applied to a broad range of assets and operations beyond the typical operating facilities of the industry including: assets containing hazardous materials such as chemical, refining and petrochemical manufacturing operations, pipelines and transportation operations.
